

ICDCN 2027

28th International Conference on Distributed Computing and Networking

4-7 Jan 2027 | National Institute of Technology Karnataka, Surathkal, India

www.icdcn.org

Organizing Committee

General Co-Chairs

Gopal Pandurangan, University of Houston, USA
Yogesh Simmhan, IISc Bangalore, India

General Vice Chair

Sourav Kanti Addya, NITK Surathkal, India

TPC Co-Chairs

Salil Kanhere, UNSW Australia
Yuval Emek, Technion, Israel Institute of Technology, Israel

Workshop Co-Chairs

Hirozumi Yamaguchi, Osaka University, Japan
Mukulika Maity, IIT Madras, India

Doctoral Symposium Chair

Viviana Arrigoni, University of Rome, Italy
Soumyajit Chatterjee, Brave Software, UK

Demo Session Chair

Suchetana Chakraborty, IIT Jodhpur, India

Keynote Chair

Simone Silvestri, University of Kentucky, USA

Tutorial Co-Chairs

Fabien Dufoulon, Lancaster University, UK
Sougata Sen, BITS Goa, India

Panel Co-Chairs

Prasant Misra, TCS Research, India
John Augustine, IIT Madras, India

Poster Co-Chairs

Mohit P. Tahiliani, NITK Surathkal, India
Ajay Pratap, IIT(BHU) Varanasi, India

Registration Chair

Jothi Ramalingam, NITK Surathkal, India

Sponsorship Co-Chairs

Dilip Dalai, DRDO, India
B. R. Chandavarkar, NITK Surathkal, India

Publication Co-Chairs

Bishakh Chandra Ghosh, Pinngy
Anurag Satpathy, MS&T, USA

Finance Co-Chairs

Punyasha Chatterjee, Jadavpur University, India
Abhilash M H, NITK Surathkal, India

Local Organizing Co-Chairs

Pushparaj Shetty D, NITK Surathkal, India
Soumya Hegde, NITK Surathkal, India

Publicity Co-Chairs

Eirini Eleni Tsiropoulou, Arizona State University, USA
Anusha Vangala, NIT Warangal, India
Duong Nguyen, University of Wyoming, USA
Chamara Manoj Madarasingha Kattadige, Curtin University, Australia

Student Travel Grant Chair

Jidesh P, NITK Surathkal, India
Nirmay Ghosh, IIST Shibpur, India

Social Media Chair

Arindam Khanda, MS&T, USA

Web Chair

Prasanna Kumar, Deloitte USI

Call for Papers

ICDCN is a premier international conference dedicated to advances in Distributed Computing and Communication Networks. The 28th edition will be held at NITK Surathkal, a coastal campus near Mangaluru along the Arabian Sea.

Scope and Topics of Interest

Distributed Computing

- Cloud Computing and Big Data Processing
- Concurrency, Synchronization, and Persistence
- Distributed Algorithms: Design, Analysis, and Complexity
- Distributed Computing Aspects of Blockchains
- Distributed Graph Algorithms
- Distributed Embedded Systems
- Distributed Operating Systems, Storage and Database Systems
- Distributed Quantum Computing
- Edge Computing and Mobile Offloading
- Fault-tolerance, Reliability, and Availability of Distributed Systems
- Formal Methods for Distributed Systems
- High performance Computing and Grid Computing
- Machine Learning in Distributed Computing and Networking
- Pervasive and Mobile Computing
- Scalable Distributed Systems
- Secure Multi-Party Computation
- Security, Privacy and Game Theory in Distributed Computing and Networking
- Self-organization, Self-stabilization, and Autonomic Computing
- Social Networks

Networking

- AI and ML in Communication and Computer Networks
- O-RAN and spectrum sensing/sharing
- D2D, Sensor, PAN and Mesh Networks
- Mobile Wireless Networks (5G/6G)
- Cloud, Edge, and Fog Networking
- Emerging Topics in Networks
- Emerging Network Applications
- Energy-efficient and Green Networking
- Information-centric and Content-based Networking
- Intent-based Networking and Zero-configuration Networks
- Interdisciplinary Approaches in Networking
- Internet of Things and Cyber-Physical Systems
- Internetworking Protocols & Internet Applications
- Network Function Virtualization and Software Defined Networking
- Networking and Computing for Sustainability, Society, and Development
- Censorship circumvention and net neutrality
- Datacenter networking
- Extremely high-frequency communications
- Network support for VR/AR
- Tactile Internet
- Next-generation Networks and Services
- Pervasive Networking and Sensing
- Pricing and Network Economics
- Public Safety Computing Systems
- Quantum Network Protocols
- Security, Privacy, Trust, and Game Theory in Networking
- AI for Network Security
- Social Networks
- UAV Networks and Mobile Robots
- Vehicular Networks, Smart Grids, and Smart City Applications
- Backscatter and Ultra-low Power Networks
- Challenging Network Environments (underwater, underground)
- Visible light communications (VLC)
- Testbeds, experimentations, and networked experimental platforms

Important Dates (AoE)

Full Paper Submission

July 30, 2026

Acceptance Notification

October 1, 2026

Camera-Ready Submission

October 29, 2026

Best Paper Award

The conference will consider awarding **Best Paper Awards** to outstanding submissions selected by the program committee.

Selected papers will be invited to submit extended versions for a special issue of the **Pervasive and Mobile Computing Journal**.

The previous instances of ICDCN proceedings along with all the satellite events (posters, demo, workshops, etc.) have been published by The ACM International Conference Proceeding Series (ICPS), which is indexed by ACM, DBLP, Scopus, and other indexing bodies. The previous ICDCN proceedings are available through the ACM digital library.

ACM has introduced a new open-access publishing model for the International Conference Proceedings Series (ICPS). Authors based at institutions that are not yet part of the ACM Open program and do not qualify for a waiver will be required to pay an article processing charge (APC) to publish their ICPS article in the ACM Digital Library. To determine whether or not an APC will be applicable to your article, please follow the detailed guidance here: [acm.org/publications/icps/author-guidance](https://www.acm.org/publications/icps/author-guidance).
